## **NAPE Announces New Summit Dates for 2021**

*NAPE hybrid event moves to August*

FORT WORTH, Texas — December 2, 2020 — Due to the ongoing challenges presented by COVID-19 and concern for the health and safety of our attendees, exhibitors, sponsors, partners, staff and community, the NAPE Operators Committee has decided to move NAPE Summit to August 2021.

NAPE Summit will take place in person Aug. 18-20, 2021, at the George R. Brown Convention Center in Houston and virtually Aug. 9 – Sept. 3, 2021, on the NAPE Network.

NAPE remains dedicated to providing the place for oil and gas professionals from across the industry to gather together to learn, connect and do business safely. As many details of the event were previously finalized, NAPE organizers are working to ensure the current hybrid [event schedule](#) — including the [Global Business Conference](#) speaker lineup and [NAPE Charities Keynote](#) event — will take place in August.

“The decision to postpone NAPE Summit until August resulted from a very robust and heartfelt NAPE Operators Committee meeting discussion. While we wish we could host NAPE Summit in February as we've done for the past 27 years, we believe postponing to August offers the best opportunity for a successful industry event for all parties involved, especially since the lifeblood of NAPE is the face-to-face connections and networking,” said Ron Munn, CPL/ESA, general manager of Land at Chevron U.S.A. Inc. and chairman of the NAPE Operators Committee.

We look forward to seeing you in person in Houston and virtually on the NAPE Network in August.
