

NAPE

EXHIBITOR PROSPECTUS

the world's largest global marketplace for the upstream oil and gas industry

WHAT IS NAPE?

NAPE IS THE WORLD'S LARGEST GLOBAL UPSTREAM OIL AND GAS EXPLORATION AND PRODUCTION EXPO

NAPE's expos — hosted annually in February and August at Houston's George R. Brown Convention Center — create an environment to establish strategic alliances for the buying, selling and trading of oil and gas prospects and producing properties.

Our exhibitor base is comprised of companies of all sizes from each sector of the upstream business: prospect generators, service providers, capital providers and law firms — bringing together the necessary players to make deals happen.

NAPE has more operators participating as exhibitors than any other oil and gas trade show out there today, so attendees participate with confidence knowing they will meet the right people from majors to top independent that have the means to do serious business. And with its growing international and offshore exhibitor presence, NAPE utilizes three marks to help its thousands of attendees navigate the show floor efficiently and productively to connect with the right exhibitors.

Skip the wandering and the wondering you may experience at other industry trade shows, and make NAPE a priority in your business plan. There's so much to see at NAPE, where deals happen!
