# NAPE

POWERING ENERGY DEALS  
INVESTORS. OPERATORS. OPPORTUNITIES.

NAPEexpo.com

NAPE is presented by AAPL, IPAA, SEG and AAPG as limited partners. AAPL is the proud managing partner of NAPE. Proceeds from NAPE are distributed to our partners to support membership programs and advocacy.

# NAPE SUMMIT: A PREMIER ENERGY MARKETPLACE FOR ALL SECTORS

# SPECIALIZED NAPE HUBS: WHERE SECTORS CONNECT

 **NAPE SUMMIT** — hosted annually every February at Houston’s George R. Brown Convention Center — creates an environment for all energy sources to establish strategic alliances for buying, selling and trading energy-producing properties and prospects. Thousands of attendees participate each year for networking and knowledge while meeting with decision-makers from a diverse base of independent companies and supermajors.

## WHO YOU’LL CONNECT WITH AT NAPE

### EXPLORATION & PRODUCTION COMPANIES

E&Ps are the backbone of NAPE, making it the largest marketplace for upstream energy by presenting a variety of lucrative deals across multiple sectors featuring:

- ♦ Oil & gas prospects
- ♦ Renewable energy projects
- ♦ Bitcoin mining operators
- ♦ Geothermal prospects
- ♦ Data center hyperscalers
- ♦ Raw earth minerals
- ♦ Offshore opportunities
- ♦ Mineral & nonoperating interests

*More than 87% of E&P exhibitors sold prospects or created qualified investor leads at the 2025 NAPE Summit.*

### CAPITAL PROVIDERS

Capital Providers are the financial engine behind energy deals representing:

- ♦ Banks and financial institutions
- ♦ Private equity firms
- ♦ Venture capitalists
- ♦ Investment funds

These capital providers help build and finance deals between owners/operators and investors across all energy sectors, offering funding for operations, expansion and new asset development.

### VENDOR & SERVICE PROVIDERS

Vendors and Service Providers are located in a dedicated area showcasing cutting-edge solutions and services for:

- ♦ Consulting and law firms
- ♦ Land services
- ♦ Artificial intelligence
- ♦ Seismic technologies
- ♦ Data research and management
- ♦ Operational efficiency
- ♦ Business solutions

### PROSPECT HUB

Allows operators to highlight domestic and international energy prospects to NAPE attendees with a brief presentation. Deliver your pitch to a large audience to generate interest and drive traffic to your booth at no additional cost!

### RENEWABLE ENERGY HUB

The Renewable Energy Hub provides a dedicated space for those with renewable interests on the expo floor. The hub allows businesses working in renewables to:

- Showcase their energy-producing properties.
- Educate attendees on recent developments and trends.
- Connect service providers and investors.
- Close investments or commit to future opportunities.

### BITCOIN MINING HUB

The Bitcoin Mining Hub is an emerging focus area where operators connect, educate, invest and create leads. Bitcoin companies can also take the stage to:

- Highlight opportunities.
- Communicate their interests.
- Educate attendees on bitcoin and bitcoin mining operations.

### MINERALS & NONOP HUB

The Minerals & NonOp Hub is the fastest-growing element in upstream transactions, offering:

- Discussions on the latest trends, technologies and market developments in the minerals and nonoperated sector.
- Education on market complexities.
- Opportunities to facilitate meaningful interactions for deals.

### NEW! DATA CENTER HUB

Learn and collaborate at the intersection of data centers and energy. Tech companies and natural gas producers will learn the latest insights and form strategic partnerships to provide sustainable, reliable power for on-site modular data centers.

### NEW! OFFSHORE HUB

Offshore deals have always been part of the expo. Now you can take a deep dive into regulatory updates, new technology and lucrative leasing opportunities.

### NEW! RARE EARTH MINERALS HUB

an essential component of the energy family and advanced technologies — are shaping the future of energy and technology. This new hub will explore the strategic importance in powering everything from electric vehicles to renewable energy infrastructure with presentations surrounding supply chain challenges, emerging exploration opportunities and how

innovative approaches are helping secure sustainable and responsible sources..

### JOB FAIR

The Job Fair is complimentary for exhibitors looking for new talent who prefer to discuss career opportunities apart from business conducted on the expo show floor. With disciplines from land to engineering, geology, finance and technology, NAPE’s attendee base offers energy companies an ideal recruiting setting.

### WHY NAPE IS UNIQUELY POSITIONED FOR AMERICA’S ENERGY FUTURE

NAPE has evolved beyond its traditional focus on oil and gas to become the premier marketplace for all energy sectors. By bringing together professionals from across the energy spectrum in a deal-focused environment, NAPE creates unprecedented opportunities for:

- Cross-sector collaboration between traditional and emerging energy companies.
- Access to specialized expertise across the whole energy value chain.
- Capital deployment across diverse energy assets.
- Innovation through shared knowledge and experience.

Join us at NAPE Summit and be part of America’s energy marketplace, where the entire spectrum of energy development comes together to shape our energy future.
